Questions: contact Becca Mitchell at 269-349-2507 for additional information

Registration is limited to the first 15 paid attendees. Minimum of 9 required to hold class. All current CDC Health & safety precautions will be in place.

MIOSHA STD-08-3 for the Construction Industry—First Aid

- ◆ Construction Safety Standard, Part 1. General Rules, requires a person with a valid first aid certificate be present at the worksite to render first aid. CPR training is not a requirement. MIOSHA recommends CPR training along with first aid training.
- ◆ “Readily accessible” first aid supplies at a jobsite means available within three-to-four minutes. A first aid kit that contains items appropriate for the worksite will be considered in compliance with this rule.

Prepare your staff with the knowledge and skills necessary to prevent, recognize, and provide basic care for injuries and sudden illnesses until advanced medical personnel arrive and take over. This course covers:

- ◆ First Aid /Adult & Child CPR
- ◆ Visible and Internal Bleeding
- ◆ Choking and more
- ◆ Stroke
- ◆ Wound Management
